

CORNWALL HYDROTHERAPY CENTRE *A Local Initiative with National Significance*

The Charity Newquay Hydrotherapy Pool is working towards developing a **Cornwall Hydrotherapy Centre** that incorporates a hydrotherapy pool, treatment rooms along with respite care as part of the Centre. This £2.8 million project will be a modern purpose built building helping people with disabilities and illnesses in Cornwall and from other areas of the Country.

The creation of the Cornwall Hydrotherapy Centre will have both local and national significance, providing a facility of rehabilitation for local people suffering from disability or illness. Nationally the Centre will enable people from all over the Country people from all parts of the country to access the facility giving family members a well needed break from caring for their loved one and give much needed care and treatment for the person suffering with the disability or illness.
